

**“More Bull for Your Buck” Sale
January 18th, 2020
Gray Court, SC**

Jim and Alvina near the
beginning of their Red
Angus journey.

Dear Cattlemen and Friends:

Welcome to our ninth annual production sale which features a great selection of bulls and heifers produced with the commercial cattleman's needs in mind. We are proud to be offering cattle that excel in multiple traits and represent many of the top bloodlines and genetics available today in the Red Angus breed. This past year proved to be another banner year for Red Angus with continued growth in membership, registrations, cow inventory and feeder calf tag sales! This marks the thirtieth year in the Red Angus seedstock business for Mr. and Mrs. Meeks, and their goals of providing easy keeping, productive and attractive cattle that will thrive and be profitable for Southeastern cattlemen, have not changed. I believe that **Red Angus** cattle offer more value than any other beef breed because they excel in so many economically relevant traits. We continue to see the advantages of Red Angus marketing opportunities such as the **Choice Plus grid from Tyson Foods, the Go Red grid from Greater Omaha and Meyer Natural Foods search for Red Angus sired calves in the Southeast. In addition, the Top Dollar Angus program is already increasing demand for predictable Red Angus carcass genetics, and our customers who are taking advantage of the "yellow tag" program are also seeing an increased demand for their Red Angus sired calves across the Southeast!** Red Angus females continue to be a much sought after commodity in cow herds across the country because of their efficient productivity and calm dispositions. **They are truly PRO Cows! Independent research evaluating three million feeder calves over a five year period shows that Red Angus sired calves out sold all other breed groups!** As excitement and acceptance of the breed continues to escalate, the time to "Be Red" is "Right Now!"

We challenge our cattle to excel in a no frills environment, that often includes drought, heat, flooding, insects and endophyte, and the bulls and females being offered to you today have passed the test. Whether you are looking for calving ease, growth, maternal traits or carcass merit, our Red Angus can meet your needs, and they'll do it efficiently with added heat and fescue tolerance. We continue to strive for predictable and sustainable performance from our cattle every day, and we measure our success one satisfied customer at a time. Buy with confidence, knowing that we will stand behind our cattle with marketing assistance and beef industry experience to help you literally bring more beef to the table in the years ahead and more profit to your operation. If I can be of assistance in selecting animals to meet your needs or answering any questions, please give me a call. We look forward to the opportunity to earn your business.

Sincerely,

Raymond Prescott, Mgr.
Bull Hill Ranch

Bull Hill Ranch 9th Annual More Bull for Your Buck Production Sale January 18th, 2020, at the ranch in Gray Court, SC Selling 43 bulls and 24 heifers

Sale Day Schedule

9:00 am, Cattle available for viewing.

61	904X	01/19/19	RRA Soldier 565
62	909X	03/08/19	RRA Soldier 565
63	912X	03/17/19	RRA Soldier 565
64	919X	05/21/19	RRA Soldier 565

Lots 51-64 were vaccinated twice with Vision 7 Somnus and Virashield 6 prior to weaning and revaccinated with Virashield 6+VL5 on 12/18/19. They were dewormed with Long Range injectable dewormer in May of '19 and again with a pour on dewormer on 12/19/19. **Base prices and current weights will be available with other information on a supplement sheet on sale day.**

Lots 65-68, Poole Farms Commercial Heifers

We are pleased to offer four heifers from Poole Farms of Anderson, SC. These open heifers are sired by Bull Hill Ranch bulls. They were born from December 2018 to April of 2019 and have been vaccinated with Vision 7 Somnus and Virashield 6+VL5.

RED ANGUS GUIDE TO EPDS

Ranch Tested. Rancher Trusted.

Red Angus

- HerdBuilder (HB)** The probability of developing profitable cowherd traits while maximizing the value of marketed progeny
- GridMaster (GM)** The probability to increase the value of marketed calves
- Calving Ease Direct (CED)** The probability of calves being born unassisted out of 2-year-old dams
- Birth Weight (BW)**..... Difference in weight for progeny at birth
- Weaning Weight (WW)** Difference in weight for progeny at 205 days of age
- Yearling Weight (YW)** Difference in weight for progeny at 365 days of age
- Average Daily Gain (ADG)**..... Difference in daily gain between 205 and 365 days of age
- Dry Matter Intake (DMI)**..... Difference in feed intake for animals during the post-weaning growth period
- Milk**..... Difference in weight of a daughter's calves due to the maternal environment provided by the dam
- Maintenance Energy (ME)** Difference in maintenance requirements for mature females
- Heifer Pregnancy (HPG)** Probability of a female conceiving and calving at 2 years of age
- Calving Ease Maternal (CEM)** The ability for daughters to calve unassisted at 2 years of age
- Stayability (STAY)**..... The probability of a female remaining productive in a herd until 6 years of age
- Marbling (MARB)** Difference in carcass marbling scores
- Yield Grade (YG)**..... Difference in USDA yield grade scores
- Carcass Weight (CW)** Difference in hot carcass weight
- Rib Eye Area (REA)**..... Difference in carcass rib eye area between the 12th and 13th rib
- Back Fat (BF)**..... Difference in carcass fat depth between the 12th and 13th rib

Feeder Calf Certification Program

- Traceability to at least 50% Red Angus genetics
- Source verified to ranch of origin
- Group age

The FCCP is the beef industry's oldest USDA-verified genetic, source and age program, originating over two decades ago. It adds value to Red Angus customers' calves and grants access to branded product lines for Red Angus fed cattle. With no enrollment fee, the only cost to producers is the 99¢ panel tag.

Cattle enrolled and tagged with the yellow Red Angus tag gain exclusive eligibility for Tyson's Choice+ Grid and Greater Omaha's G.O. Red Grid.

Enrollment is easy – simply call and answer a few questions about your Red Angus-sired calves. Then tag them before they leave their ranch of origin.

Ranch Tested. Feedlot Trusted.
